Hello,

I am Dhanya Bahadur, a graduate of IIT Bombay. I believe working with you would present me with unparalleled challenges and opportunities that would help me learn a lot.

In the past, I have experience in Data Visualization, Feature Engineering, Feature Selection, Hyperparameter Tuning and developing advanced Machine Learning and Deep Learning algorithms to deliver accurate predictions. Currently I am a Data Scientist at Guavus. I have worked on Lead Time Prediction (regression), Churn Prediction (Classification) projects. I have strong communication skills and experience in explaining technical topics to a general audience.

I have extensive experience in Python, C++, and others. I am dedicated to continuously learning and enhancing my skills. I have attached my resume, which further outlines my education and experiences.

Thank you for your time and for considering me for the position. I appreciate your time, and I hope to hear from you soon.

Warm Regards,
Dhanya Bahadur
